BASIC TOUR INFO:

Departure: From Sani Lodge Backpackers at 9am on Day 1

Return: To Sani Lodge Backpackers around 5 - 5.30pm on last day

General Information: Lesotho may look like a small country on the map, but it takes lots of time to get around it. This tour does a loop around the northern part of the country, and will mean a lot of time in the vehicle.

Since there are wonderful views everywhere one goes in Lesotho, this means lots of great scenery and views.

The 4 day trip will leave only a couple of hours on days 1, 2 and 3 to do a bit of walking, the 5 and 6 day trips

both include a full day to hike, horse-ride or just chill in Ts'ehlanyane National Park. The 6 day trip also

includes time for a morning of horse-riding at Molumong. Katse Dam is the centrepoint of the Lesotho

Highlands Water project, with water from the Lesotho Highlands being exported via a series of tunnels to the

thirsty mouths of Johannesburg. A fascinating and spectacular destination. We also get to visit a unique craft

centre and of course get a chance to meet and get to know local Basotho people and their traditional lifestyle.

Tour itinerary:

5 DAY ROOF OF AFRICA TOUR

DAY 1: Depart Sani Lodge around 9am in 4x4 vehicle up the Sani Pass. Cross into Lesotho and carry on via Kotisepola Pass (3240m) and down the Sehonghong Valley. Picnic lunch by the river. Continue on to Matsoaing village where we stay the night at the quaintly named No. 10 Riverside. Our hosts the Nkune family will show us around the area, with opportunities to visit a traditional healer, experience traditional dancing and eat traditional meals with the family.

Accommodation in either a 9 bed dormitory room or a 4 bed large rondavel. No electricity or running water, but fresh water provided in buckets. It's the experience you're after here, not the creature comforts!

DAY 2 : Depart after breakfast and travel west, over another 3000m+ road pass, the Menoaneng. Beautiful scenery, then drop down, down, down to the major river draining the Lesotho Highlands, the Senqu (becomes the Orange) River. Cross the river at the low level Koma Koma crossing, then climb out of the valley, via the vibrant town of Thaba Tseka to arrive early afternoon at Katse Dam. Join the tour of Katse Dam and go inside the towering dam wall. Visit lovely Katse Botanical gardens to see some of Lesotho's beautiful plants and flowers in a magnificent setting.

Accommodation in a self-catering cottage at Katse village with electricity and running water!

DAY 3: Depart Katse after breakfast and follow the lake north, up towards its headwaters. The road crosses the dam over the spectacular Malibatso Bridge, then climbs another 3000m+ pass, Mafika Lisiu, at the top of which is Bokong Nature Reserve. Time for a short hike to view the Lepaqa Waterfall. Continue on down the other side of the pass, via the town of Hlotse (we visit the Leribe Craft Centre) to Ts'ehlanyane National Park.

DAY 4: Full day to enjoy the wonders of Ts'ehlanyane, either on a guided hike or horse-ride. Soaring mountain scenery, an enchanted indigenous forest, pools, magnificent waterfalls and a sense of serenity make this a special place. Enjoy the great views from your lodge and swim in the river pools below.

Accommodation on days 3 and 4 in the Riverside huts at Maliba Lodge. The huts sleep two in each in a double bed and have solar lighting and running water.

DAY 5: Depart after breakfast to the cultural reserve at Liphofung. The guide will interpret a very good panel of Bushman Rock Art, tell of the significance of the cave in Basotho history and then show us around the cultural village which has been set up there. Climbing back into the mountains via the Moteng Pass we drive the "Roof of Africa" route to the town of Mokhotlong, known in the 1950's as the most isolated outpost of the British Empire. From here we return to Sani Lodge with a stop at the Highest Pub in Africa.

4 DAY ROOF OF AFRICA OPTION

As for 5 day tour, but leave out day 4, the full day at Tsehlanyane. Overnight instead at Mamohase Home Stay near Butha Buthe.

Accommodation on Day 3 at Ha Mamohase homestay in a traditional rondavel. No electricity or running water, but fresh water provided in buckets. A little more "upmarket" than No. 10 Riverside.

6 DAY ROOF OF AFRICA OPTION

As for 5 day tour, but split day 5 into two. This allows more time to see things on the Roof of Africa route. We stay the night of Day 5 at Molumong Lodge, with time for morning horse ride on Day 6.

Accommodation on Day 5 at Molumong Lodge. Rustic but comfortable, Molumong has no electricity but does have running water and hot showers.

Toilet stops: Flush toilets at the SA border post, Katse, Maliba and Molumong, pit latrine (long drop) at No. 10 Riverside, Ha Mamohase (4 day tour only), *au natural* elsewhere on the tour.

See the "Vehicles and Guides" and "Community Tourism" pages of our website at www.drakensbergadventures.co.za for more information on our tour ethos.
